What is The Homer Fund?

The Homer Fund is a nonprofit charity established in 1999 for The Home Depot associates and their families. It provides financial assistance to qualifying associates in need through two types of grants: Direct Grants and Matching Grants. Over the years, more than 157,000 associates have received support totaling nearly \$215 million.

Direct Grants help associates through tragic events such as the death of a spouse, dependent, parent or child 26 years or younger, natural disaster, fire, illness or injury, a spouse's lay-off or company closure, loss of government subsidy, major home repair, major car repair, unexpected increase in family size, crime, impacted by COVID-19 and health insurance premium while on an approved medical leave of absence for 30 days or more. Illness is the most common reason associates request help from the Fund. The maximum amount for a Direct Grant is \$10,000.

Matching Grants are a unique way the Fund recognizes the generosity of associates toward one another. When associates "pass the hat" to collect money for an associate in need, their collection is matched by The Homer Fund up to \$5,000. Pre-approval of a Matching Grant must be obtained before taking up a collection. Always consider a Direct Grant before starting a Matching Grant. Cash collected by Home Depot associates is matched by The Homer Fund up to \$2 for every \$1, up to the associate's demonstrated need. A maximum of \$5,000 is contributed by The Homer Fund per circumstance.

Where can I find more information on the qualifications for the Direct Grant and Matching Grant?

The Homer Fund's website is THDHomerFund.org and is your best resource for information. Here, associates can review grant guidelines and the supporting documentation needed, sign up to donate or manage payroll donations. Managers will use this site to submit the online application for a qualifying associate in need.

Who is eligible to apply for Grant assistance from The Homer Fund?

All associates of The Home Depot (salaried, hourly or temporary) are eligible to apply for assistance through The Homer Fund. Eligibility begins on the first day of employment; however, the circumstance causing the hardship must have occurred while the associate has been employed with the company, not prior to employment. Associates in need may take the eligibility quick-test at THDHomerFund.org to determine which grant is applicable to their situation.
